Curtin's Future Students Help Team understands that this is both a busy and stressful time for year 12's that are currently studying and undertaking their exams. Now in their final stages of completing high school, students often stress about their exams, their results and whether they will gain entry into the university and course of their choice.

That is why our team is on hand to offer advice and assistance to students after they have received their ATAR score on Thursday 30 December. The team will be able to offer assistance on course requirements, alternative pathways and study options for students.

The Future Students Help Team will be available via telephone, email, in person and through the Curtin website on the following days:

- Thursday 30 December 10am - 3pm
- Friday 31 December 10am - 3pm
- Tuesday 4 January - onwards 8.30am - 4.45pm

Please note: Curtin's University Admissions Centre will be available (by phone only, 9266 7805) from Wednesday 29 December.

It would be much appreciated if this information could be passed onto your staff, students and their parents through your newsletter or bulletin board, to reassure them help is available during this stressful time.

TAFE/UNIVERSITY NEWS

It's not too late !!

The University of Notre Dame Australia is still accepting applications for 2011. Notre Dame is not part of the TISC system and does not impose an application or late fee. Applications are made directly to the University and are still open.

Students who have not yet applied to us are encouraged to do so, but hurry, places are limited.

We are always happy to assist, please do not hesitate to contact our office on (08) 9433 0533 or future@nd.edu.au

TAFE

Just a quick reminder that applications to study at TAFE in semester one 2011 need to be completed and lodged by November 26th 2010 if they wish to be considered for first round offers.

Applications can be lodged online at http://tasonline.tafe.wa.edu.au/

Course availability can be checked online at http://coursesearch.tafe.wa.edu.au/default.aspx or a list of courses at Polytechnic can be obtained by telephoning 9267 7500 or emailing info.centre@polytechnic.wa.edu.au

TISC – Tertiary Institute Service Centre

- Release of 2010 WA Year 12 results by TISC and the Curriculum Council
- 2012 Admissions Requirements for Mature Age Applicants now available

Registration

To make a university application on the web you need to be registered.

You are already registered if:

- You are currently enrolled in any Western Australian Curriculum Council Year 12 courses in 2010. Your TISC number is the same as your Curriculum Council number.
- You have requested information or sat the Special Tertiary Admissions Test (STAT) in Western Australia from March onwards of this year. Your TISC number would have been advised on a letter from TISC. If you cannot locate this number please telephone our office on (08) 9318 8000 during normal office hours.
- If you have requested information about STAT and also are currently enrolled in Curriculum Council Year 12 courses you may have two numbers to choose from. Please use the Curriculum Council number to apply. If you do not, there will be delays in matching your results with your application to university. This, in turn, may affect offers.

If none of the above applies, you must register with TISCOOnline before you can apply.

Go to the TISC website for further information.
